Billing, Payment Methods, and Lock Procedures

We start reading the meters on the 15th of each month.

The bills go out the last working day of the month, and are due on the 15th of the following month. If the 15th falls on the weekend, then you have until Monday to pay your bill.

On the 16th day of the month, a late notice goes out with a disconnect date on the bill. A \$10.00 late charge is added to the bill as well.

If your meter is locked for non-payment, there is a \$50.00 charge added to your bill. No unlocks after hours. If we come to lock your meter, and you pay the employee that is there to lock the meter, you will still be charged a \$25.00 fee.

We take CASH, MONEY ORDERS and CHECKS for payments. If your check comes back NSF, there is a \$20.00 charge added to your bill for handling charges.

We have a drive thru window and drop box. If you mail your payment you will not be charged a late fee as long as it is post-marked by the 15th, even if we do not receive it by the 15th of the month.

Bank drafts have also recently become available to our customers. If you choose to do this, you will still receive a bill at the first of the month for your records and as a reminder. Then we draft on the 13th of the month.

By signing this notice, I am acknowledging that I have read and understand the billing methods of this company.
